Slow progress in the Completion of Railway projects in West Bengal

SHRIMATI KANAK MUKHERJEE (West Bengal): Madam Deputy Chairman I wish to draw your attention and the attention of the House to the many railway projects still pending completion i[n] West Bengal.

Madam, a number of railway projects in West Bengal—many of them are vital for the growth and progress of that State —are making very slow 'progress. Many of the projects have not yet been taken up even. To a recent question on the subject, the honourable Minister gave the information on the physical progress of those projects as being only three per cent to seven per cent. The reply show$_s$ the extreme casual approach of the railway authorities to these projects.

Electrification of the Bandcl-Katwa and Asansol-Chittaranjan-Mughal Sarai in Sections is overdue since a long time, but have not yet been taken up by the Eastern Railway. So is the case with, the Andel-Sainthia section doubling project, Which has a very heavy traffic all the time. Digha-Tamluk, Eklakhi-Balurghat, Dimond Harbour-Namkhana Howrah-Amta, etc. sections having very heavy traffic, have no indication . at all as to when they would be completed. Nothing is known about the possible completion of the: now famous Circular Rail-Way Project, which was designed to carry over one lakh passengers daily, to begin with, but which carries only two thousand passefigers daily. The case of the extension of the Metro Railway from tolly gunge to Garia has not yet been processed even thougn mis is a very cal link for the optimum Utilization of the Metro. The most glaring example of neglect of West Bengal railway projects is the work of expansion by the addition of a 20-platform coaching complex with the[1] addition of four new platform! at Howrah station, which is showing verv slow progress. What is alarming is thai this expansion does not include any addi tionai facility or space for parking of vehi cles bus terminus, etc. Similarly, the reor iganization of coaching complex at Sealdar where the platform capacity needs imnv diatg increase, is not showing any pro' gress.

Madam, I would like to urge upon th Government and the Minister concerne to make a statement in the House on thes< projects and explain the programmes fc completion of these projects which affe< a large section of the people not only c West Bengal, but also of people all over India, who have communication wit West Bengal. Thank you(Madam.

Members are aware, the Budget of the State of Karnataka for 1989-90 was presented to the Legislature of the State on 17th March 1989 and the Vote On Account for the expenditure estimated to be incurred during the first six months was obtained on 27th Malrch 1989, and the Karnataka Apprornation (Vote on Account) Act, 1989, was passed in March 1989. Since the State Legislative Assembly was dissolved before the Demands for the full year could be voted the Budget for the financial year 1989-90 as presented to the State Legislature was presented to Parliament on 31st July 1989. The Lok Sabha granted the balance of the Demands for Grants and passed the connected Appropriation Bill which is now before this House. To meet the total estimated expenditure during the current year, the Bill provides for payment and approbation out of the Consolidated Fund of Karnataka of a total sum of Rs. 5374.93 crores, comprising of Rs. 4073.26 crores voted by the Lok Sabha and Rs. 1301.67 crores charged on the Consolidated Fund of the State and is inclusive of the sum earlier authorised for withdrawal in the Karnataka Appropriation Act, 1989.
